F Flexo Manufacturing Corporation · Supplier Invoice Portal

Supplier Quick Guide

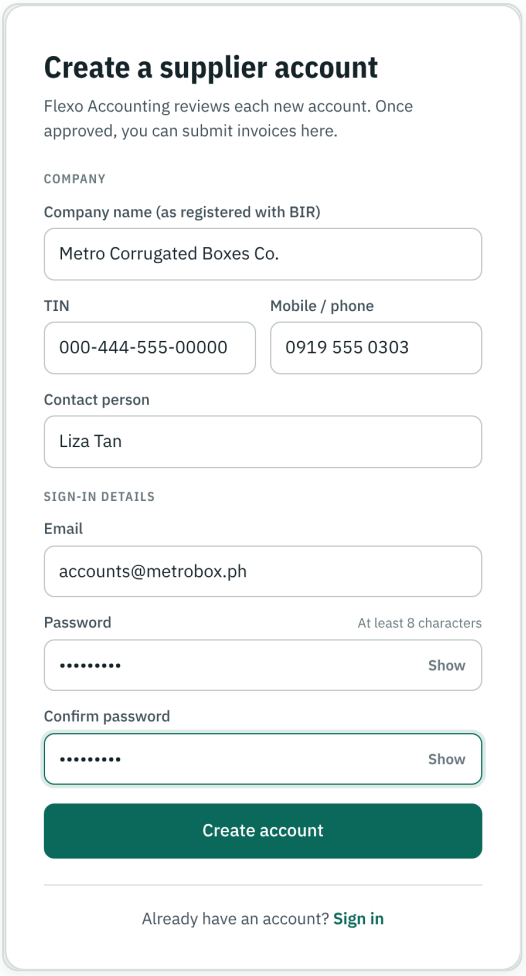

Submit your invoices to Flexo online and see when you'll be paid.

app.flexo.com.ph/suppliers

What you need: your email address, the invoice and delivery receipt (DR) details, and a scan or photo of the invoice (PDF, JPG or PNG, up to 10 MB).

1 Create your account

Open the portal and click **Create an account** under the Sign in button. Fill in your company details and choose a password (at least 8 characters).

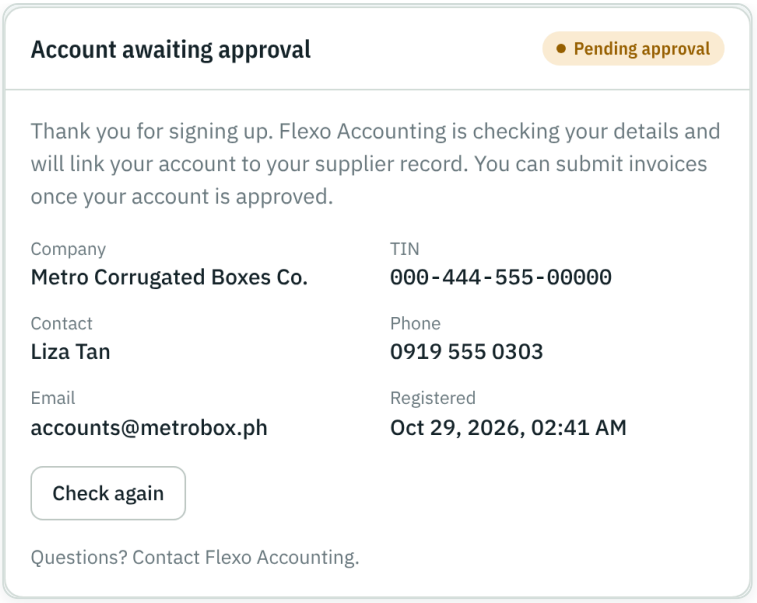

- **Company name**: as registered with BIR
- **TIN**, **mobile/phone** and **contact person**
- **Email + password**: you'll use these to sign in

> One account per company is enough. Keep your password private.

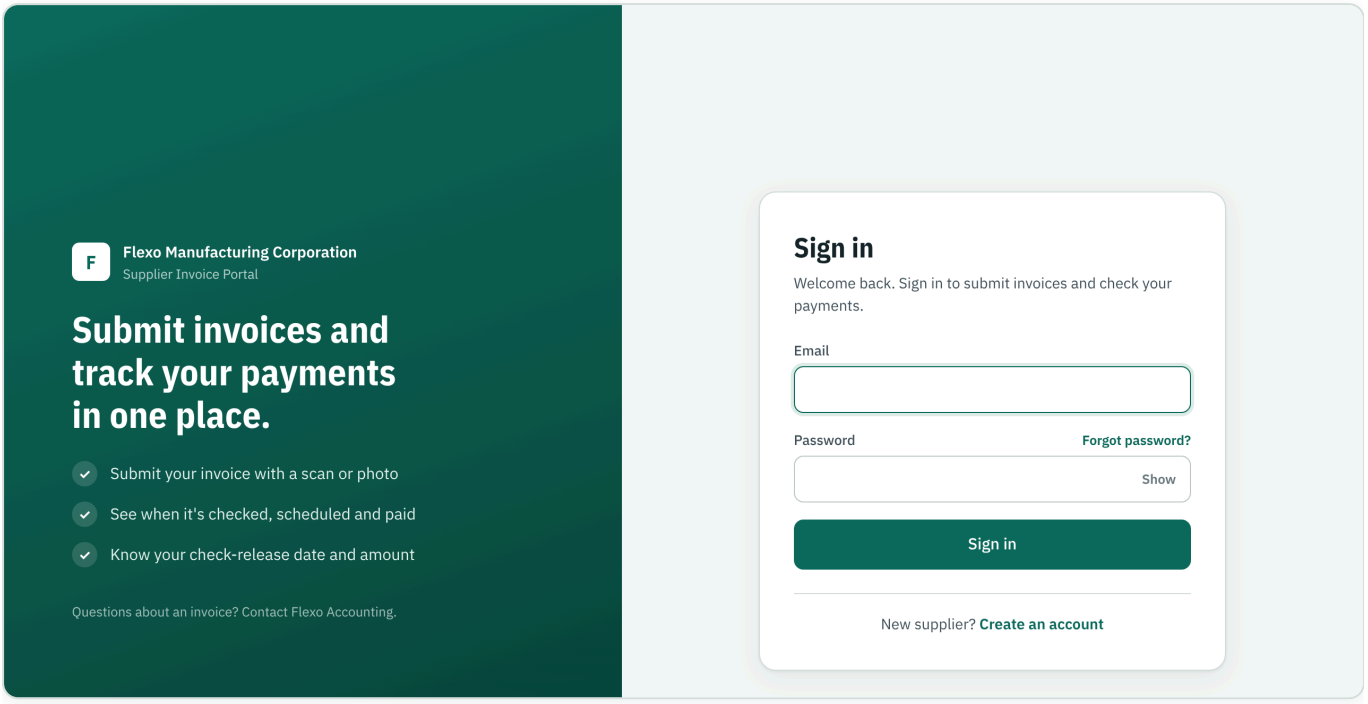

2 Wait for approval

Flexo Accounting checks your details and links your account to your supplier record. Until then you'll see **"Account awaiting approval"**. You'll receive an **email** when your account is approved.

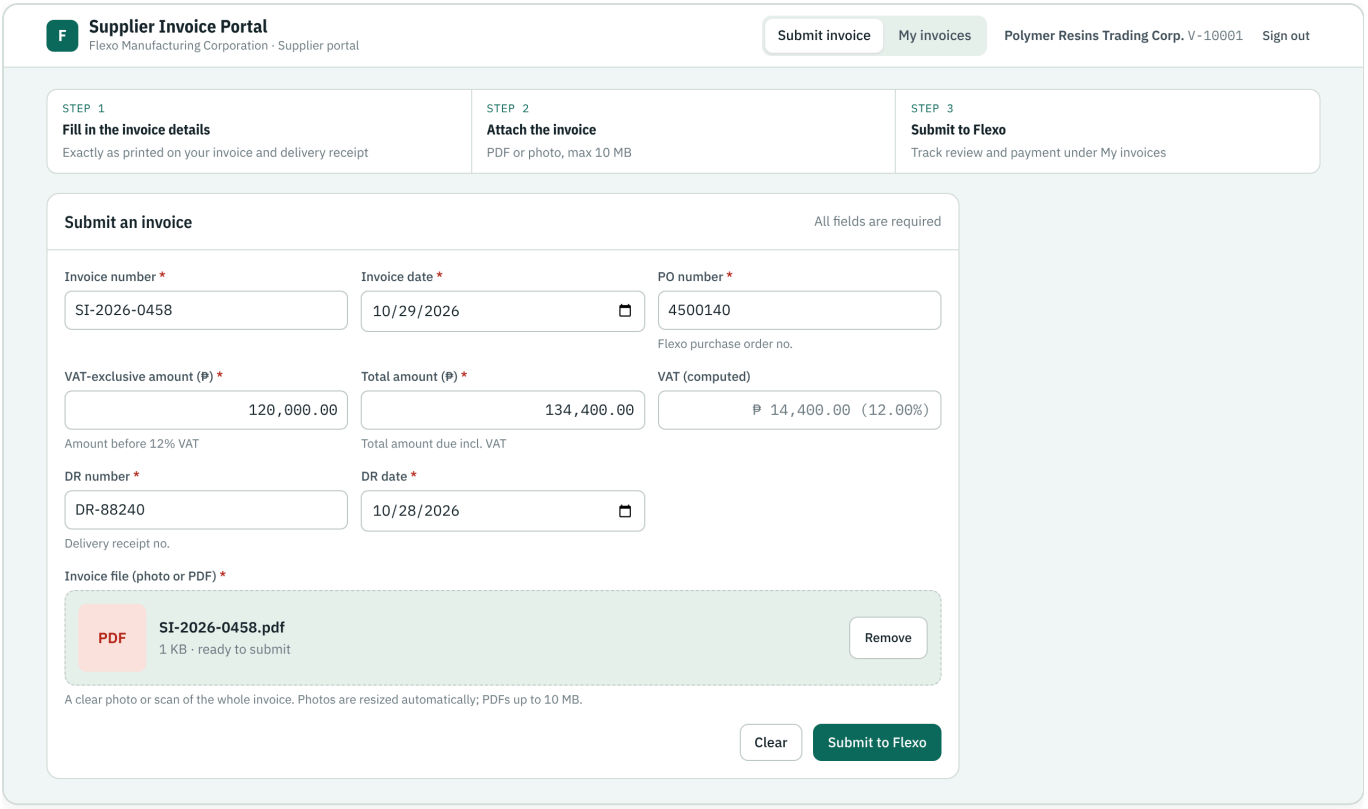

3 Sign in

Enter your email and password. Forgot it? Click **Forgot password?** next to the password box (see step 7).

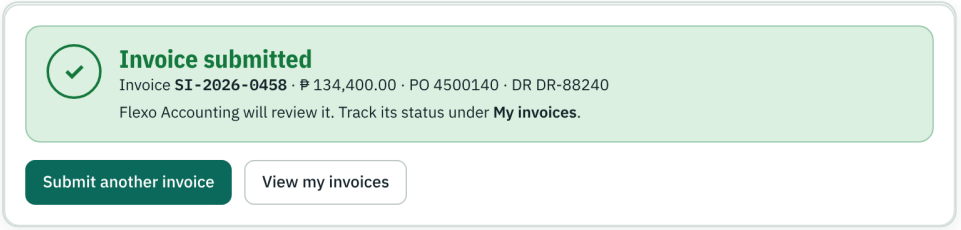

4 Submit an invoice

Go to **Submit invoice**, type the details **exactly as printed** on your invoice and delivery receipt, attach the file, and click **Submit to Flexo**. All fields are required.

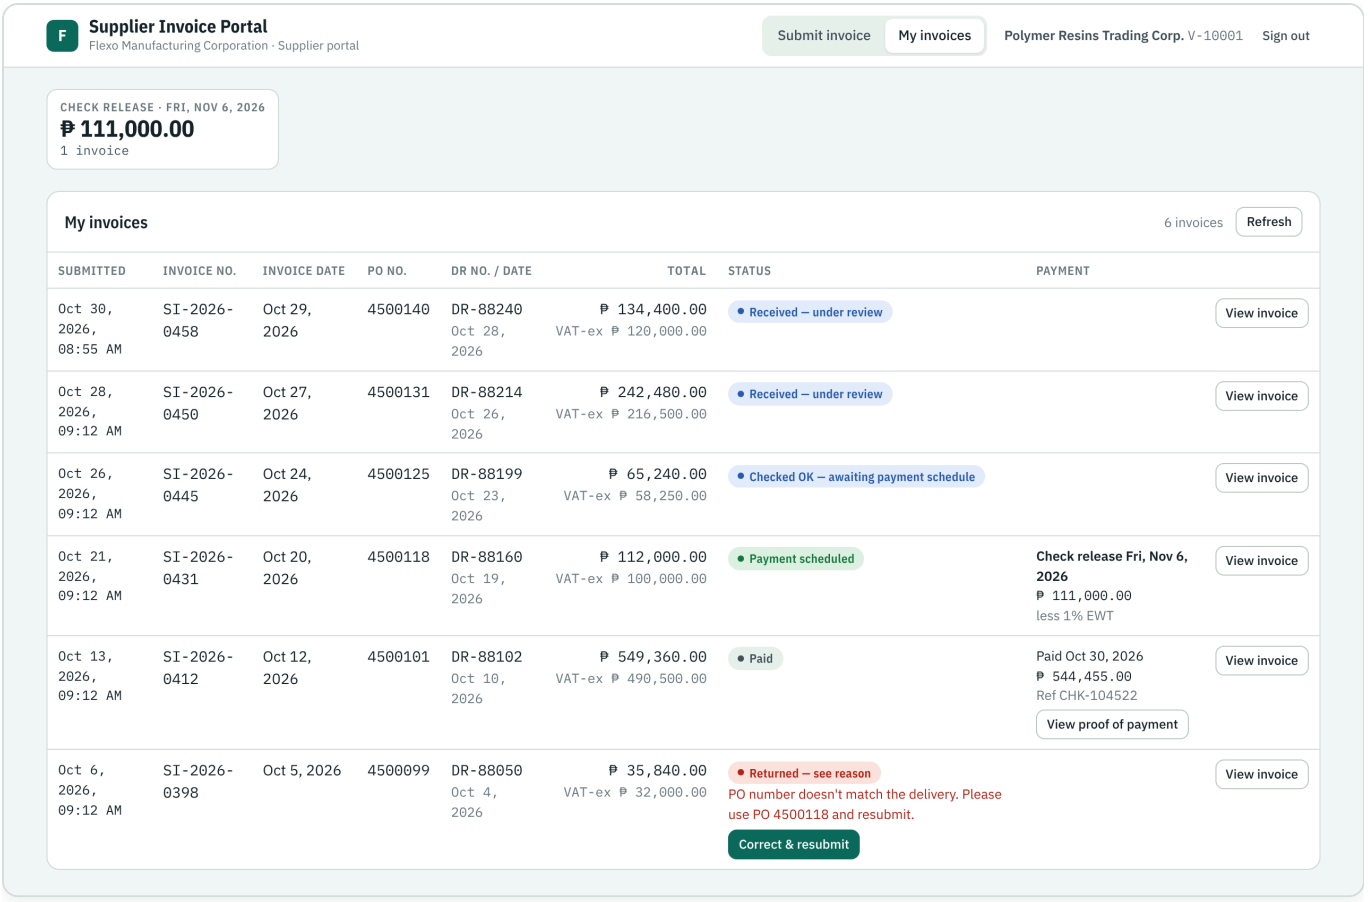

Field	What to enter
Invoice number / date	As printed on your invoice. Dates can't be in the future.
PO number	Flexo's purchase order number for this delivery.
VAT-exclusive amount	The amount **before** 12% VAT (VATable sales).
Total amount	Total amount due **including** VAT. The portal shows the VAT so you can double-check.
DR number / date	Your delivery receipt for the goods on this invoice.
Invoice file	A clear scan or photo of the invoice (PDF, JPG or PNG, max 10 MB).

> One invoice per submission. Details can't be changed after submitting. If something is wrong, Flexo will return the invoice to you with a reason.

5 Track your invoices and payments

Open **My invoices** to see the status of each invoice. When a payment is scheduled, a card at the top shows the **check-release date** and **total amount**.

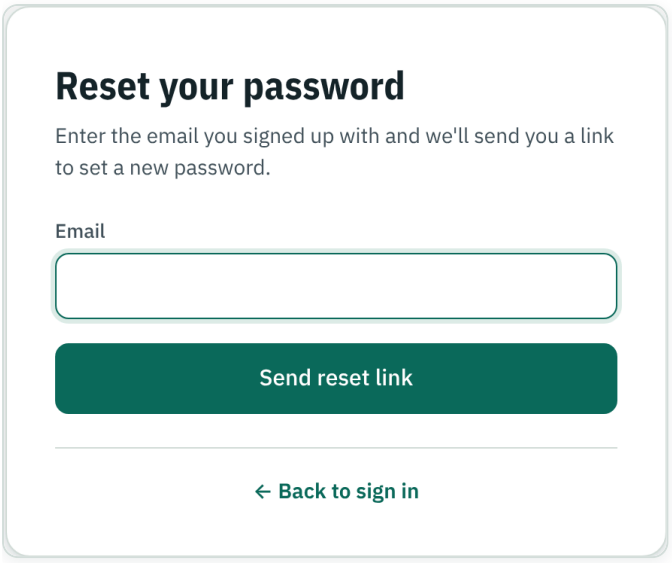

Status	What it means
Received — under review	Flexo Accounting is checking your invoice.
Checked OK — awaiting payment schedule	Your invoice was accepted and is waiting for a check-release date.
Payment scheduled	Shows the **Friday** check-release date and the **amount to be released**. A note may explain a difference from the total, e.g. *less 1% EWT*.
Paid	Shows the payment date and check/reference number. Click **View proof of payment** to see it.
Returned — see reason	Read the reason and click **Correct & resubmit**. The form opens with your earlier details filled in. Fix what's needed, attach the corrected invoice file, and submit.

6 Emails you'll receive

- Your account is approved (or not approved, with the reason)
- An invoice is returned, with the reason
- A payment is scheduled or its schedule changes: Friday date and amount
- An invoice is paid: date, check/reference number, and a link to the proof

Emails come from Flexo's portal mailbox. Please don't reply to them. Check your spam folder if you don't see them.

7 Forgot your password?

On the sign-in page click **Forgot password?**, enter your email and click **Send reset link**. Open the link in the email (it works once and expires soon) and choose a new password.
